

UNIVERSITY OF HAWAI‘I SYSTEM ANNUAL REPORT

REPORT TO THE 2014 LEGISLATURE

Annual Report on
Research And Training Revolving Fund
2012-2013

HRS 304A-2253

November 2013

**ANNUAL REPORT ON THE
RESEARCH AND TRAINING REVOLVING FUND
2012/2013**

INTRODUCTION

The Research and Training Revolving Fund continues to be very effective in stimulating research, which results in extramural contracts and grants. This report summarizes the investments of the Fund for 2012-2013 and indicates the effectiveness of this support. Procedures for awarding grants from the Fund were the same as in previous years.

The Governor's approved guidelines for the administration and investments of the Fund:

1. The funds were administered by the Vice President for Research & Innovation (VPRI), the Manoa Vice Chancellor for Research (VCR), and the University Research Council within the general guidelines approved by the University President.
2. The funds were administered in the four categories described under Part I – Fund Investments.

I. FUND INVESTMENTS

Pursuant to HRS Section 304A-2253, \$51,545,870 was deposited into the Research and Training Revolving Fund and invested as follows:

A. Scholarly Development Fund

The Scholarly Development Fund serves two purposes. The first is to provide seed money support to develop research projects or training programs for extramural funding. The second is to provide travel funds for University professionals that enable them to communicate research and new ideas at international, national or regional meetings, and to permit contact with extramural funding agencies.

Investments

A total of \$300,000 was invested to Professional Travel by the Manoa VCR distributed as follows:

The council reviewed 361 travel requests totaling \$773,131. It made 316 awards totaling \$449,430 or 58.13% of the amount requested. Table 1 lists the Professional Travel recipients.

Investments for 2013-2014: \$300,000

B. Facilitating Services Fund

The Facilitating Services Fund is used to support the research, instruction and public service missions of the University units that generated overhead revenue.

The fund is invested in proportion to the overhead revenue generated by each of the units.

Effective FY 1999, the Deans and Directors of the units were granted the authority to expend these funds at their own discretion.

Investments

A total of \$26,732,581 was invested to the fund. Table 2 lists the distribution by unit.

Investments for 2013-2014: \$26,893,911

C. Project Development Fund

The Project Development Fund is used to facilitate research and training in new or developing fields, provide matching funds for the acquisition of research equipment, and to promote participation in professional organizations.

Investments

\$10,246,302 was invested to the Manoa VCR to facilitate research and training in new or developing fields. The Manoa VCR made 122 awards totaling \$11,513,077. Table 3 lists the Project Development Fund recipients.

\$1,000 was invested to the Student Excellence in Research Awards by the Manoa VCR. Table 4 lists the Student Excellence in Research Awards recipients.

Investments for 2013-2014: \$9,468,546

D. Vice President for Research and Innovation Investments:

A total of \$8,296,370 was invested to the VPRI and funds were invested for the following:

The VPRI made 34 awards totaling \$5,542,324 in support of programs summarized in Table 5.

The following amounts were designated for research infrastructure, \$5,970,617: \$3,766,134 for RCUH Management Fees, \$780,000 for High Speed Internet Connection, \$100,000 for UH Connections, \$324,483 for A-133 audit, \$1,000,000 for system wide research support.

Investments for 2013-2014: \$14,035,822

E. Summary of Investments

	Allocation	Carry Forwards / Adjustments	Total Available	Expenditures 2013	Committed to be Spent	Available Balance
Professional Travel	300,000	227,279	527,279	408,490	118,788	-
Facilitating Services	26,732,581	18,379,636	45,112,217	24,215,736	20,896,481	-
Project Development Fund						
Vice Chancellor for Research	10,245,302	6,397,331	16,642,633	8,262,097	8,380,535	-
Student Excellence in Research Awards	1,000	-	1,000	-	1,000	-
Vice President for Research & Innovation	8,296,370	2,234,359	10,530,729	6,482,786	4,047,943	-
Research Infrastructure	5,970,617	5,300,740	11,271,357	10,223,346	1,048,012	-
Total	51,545,870	32,539,344	84,085,214	49,592,455	34,492,759	-

II. RESULTS OF SEED MONEY AND PROFESSIONAL TRAVEL AWARDS

A. Extramural Awards to Recipients of Seed Money

Recipients of these funds are actively seeking new sources to support their research. The Revolving Fund is very important in this connection, especially for younger faculty not yet having established a track record. Once they have initiated research with seed money, they can cite initial results, and thus make a much stronger case for receiving additional support.

Results from seed money are not always immediate, but may occur some time after a seed money award. The results reported herein thus may be due to funds invested in earlier years. The Fund was initiated in 1975.

The Research Council awards for seed money from the Revolving Fund give due consideration to the potential for generating extramural support. Faculty receiving seed money awards must indicate their plans for extramural funding to further research. During the last fiscal year, no awards were given for seed money.

B. Extramural Awards to Faculty Receiving Travel Support

The recipients of these travel awards are all productive scholars with active research agendas. The presentation of their research results at major professional meetings allows the investigators to meet with potential sponsors and exchange ideas with colleagues. It also exposes the broader professional community, including funding agencies, to the work being accomplished at the University of Hawaii, results in increased professional recognition of investigator and the University, and leads to additional funding.

Of those granted support to travel to professional meetings to present the results of research 52 received extramural funding for research/training projects totaling \$17,068,710.

III. TOTAL EXTRAMURAL SUPPORT FOR RESEARCH/TRAINING, 2012-2013

Attached are two summary tables, Table 6 for research and Table 7 for non-research and special projects, each of which gives comparative figures for awards made to the University, on a month by month basis, for this year and the past five years.

In 2012-2013, research awards worth \$222,207,539 and training awards worth \$187,575,779 were received.

CONCLUSIONS:

As summarized in this report, the Research and Training Revolving Fund is essential to the effective operation of the programs administered through this office. It is one of the most important sources of support this University has. The Governor and the Legislature should be highly commended for their foresight in establishing the Fund as an investment in the health of research and training at the University, and for the provision of the additional funds for equipment, repairs, and maintenance.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Vassilis Syrmos', written in a cursive style.

Vassilis Syrmos
Vice President for Research & Innovation
