A9.160 UNIVERSITY EMPLOYEE TRAINING

1. Purpose. To comply with the Governor's Executive Policy dated July 18, 1963 in providing employees with opportunities in career and skills development in accordance with Title 14, Administrative Rules, Department of Personnel Services Section 10, Employee Development. Also to carry out the applicable training provisions that were negotiated in the respective collective bargaining agreements.

2. Objective. To comply with established policies and procedures for processing in-service and out-service training requests.

3. Applicability/Responsibility. In-service and out-service training requests for all full-time University civil service and BOR employees are required for attendance of training sessions, regardless of sources of funding, except as provided for in Administrative Procedure A8.851. (The collective bargaining agreements and the Faculty Handbook for Manoa and Hilo Campuses should be referred to as applicable or as needed depending upon the nature and circumstances of the training requests.)

Employees whose employment are less than half-time and/or who are employed for three months or less are not eligible for these training activities. There should be reasonable assurance that the knowledge and/or skill acquired by the employee will remain available to the University for a period of time.

4. Definitions.

a. In-Service Training: Training provided for employees in areas directly related to their jobs so as to increase effectiveness, knowledge, proficiency, skill and qualification or to prepare them for future assignments, using resources and facilities within the jurisdiction of the State government.

b. Out-Service Training. Training provided employees as
mentioned in the definition for in-service training, but using resources and/or facilities outside the jurisdiction of the State government.

5. Procedures.

Transaction of these "in-house" training should be processed through procedures found in Administrative Procedures A8.861.

c. Out-Service Training:

1) To attend any out-service training course, a completed Out-Service Request (OSTR) must be submitted along with attachments providing information such as course description and schedule of events and sessions, no later than 20 working days prior to the starting date of the training. In the event the 20 working days suspense date cannot be met, a written justification stating the circumstances which prevent the timely submission of the request must be attached to the form before further processing will occur. Refer to Attachment 2 for complete instructions.
Exception: Persons on extramural funds administered by the University need not follow the above mentioned out-service procedures if no registration fee or tuition is required. The transaction should be processed in accordance with Administrative Procedures A8.861.

INSTRUCTIONS

OUT-SERVICE TRAINING REQUESTS (OSTR)

Out-Service Training: Training provided employees in areas directly related to their jobs so as to increase their effectiveness, knowledge, proficiency, skill and qualification or to prepare them for future assignment, using resources and facilities outside the jurisdiction of the State government.

1. Before generating the Out-Service Training Request form (OSTR), the following should be established:

   . that there are no resources within the University or State which can provide comparable training at no cost or normal cost.

   . that there is reasonable assurance that the knowledge and/or skill to be acquired by the individual will remain available for a period which would justify the expenditure and/or investment in the employee's time. Employees whose employment are less than half-time and/or who are employed three months or less are not eligible.

   . that the training will primarily benefit the State through improving the employee's performance of his/her official duties and not for personal gain, e.g. towards a degree.

   . that an OSTR is completed for those "in-service" training which may entail a cost and the participant is charged a fee for attendance.

   . that an OSTR is not required for informational meetings, presentation of papers, receiving of awards or activities not considered as training.

2. OSTR forms are to be submitted as follows:

   . Submit original and 3 copies. For CETA participants, departments are to submit original and 4 copies on a separate OSTR form. These should be submitted as soon as possible, but no later than 20 working days before training or travel to the training site. In the event that the suspense date cannot be met, two copies of the written justification must be attached to the request prior to sending it to the University Personnel Office, stating the circumstances which prevented the timely submission.

   . All OSTRs should include a detailed breakdown of the training and related costs such as per diem, air fare, ground transportation, etc.

   . Only one copy of supporting materials, e.g. agenda, program information, itinerary of trainee(s) is required.

   . All requests for State reimbursement for meals, excursions,
field trips, sightseeing tours, boat trips, car rentals and other such cost must be justified in writing (two copies) and attached to the OSTR. The general policy is that payment for meals and other cost should not be allowed but exceptions may be made based upon justification. In those cases where the payment of meals will not be allowed and the cost of the meal is not specified, DAGS' allowances for meal will be subtracted from the appropriate category in the OSTR. Where the cost of the meal is stated, this amount will be subtracted.

All OSTRs should be signed by the department head or his/her designated representative; this authorizes granting of release time and confirming that funds are available for training.

3. Departmental Sponsored Training: If a department intends to sponsor an in-service or out-service training program and government funds will be expended, the coordinator should request technical advice from the University Personnel Office, Employee Relations Section. Contact should be made as soon as possible, no later than three months before training is announced.

4. To streamline the processing procedure, please review Part I of the OSTR and be certain that the information is typed and that each item has been completed.

5. The Department of Personnel Services will evaluate each OSTR and is the final authority for approving/disapproving OSTRs.

6. ANY ATTENDANCE AT A TRAINING PROGRAM WHICH HAS NOT BEEN APPROVED WILL BE DONE AT THE RISK OF THE EMPLOYEE.
