SUBJECT: REQUEST FOR PUBLIC HEARING ON PROPOSED AMENDMENTS TO CHAPTER 20-12 HAWAI‘I ADMINISTRATIVE RULES, UNIVERSITY OF HAWAI‘I AT MĀNOA PARKING REGULATIONS

SPECIFIC ACTION REQUESTED:

It is requested that in accordance with Section 91-3 of the Hawai‘i Revised Statutes, the Board of Regents approve a request for a public hearing on proposed amendments to Chapter 20-12 Hawai‘i Administrative Rules (HRS), Parking and Operation of Motor Vehicles, University of Hawai‘i at Mānoa (UHM).

RECOMMENDED EFFECTIVE DATE:

Upon approval.

ADDITIONAL COST:

None.

PURPOSE:

The purpose of the public hearing is to obtain feedback regarding proposed amendments to Chapter 20-12 Hawai‘i Administrative Rules, Parking and Operation
of Motor Vehicles, University of Hawai‘i at Mānoa. Proposed amendments include increasing UHM parking rates and citation fines, and increasing the timeframe for when penalties may be imposed if citation fines are not paid or contested.

**BACKGROUND INFORMATION:**

**History**
UHM parking rates increased in fiscal years 2010 and 2011 for the first time since fiscal year 1997; as of September 2015, this translates to only two years of rate increases within the last 18 years. This minimal rate increase over time has negatively impacted UHM Commuter Services' ability to keep up with the inflation of its operating expenses and the costs for critical repair and maintenance projects.

UHM Commuter Services operates as a special fund. Hawai‘i Revised Statute 37-52.3 states that special funds must demonstrate the capacity to be financially self-sustaining. Despite efforts to maintain or reduce operating costs and despite deferring millions of dollars' worth of repairs and maintenance, UHM Commuter Services can no longer maintain its self-sufficient status with its current rate structure.

The need to increase parking rates is also addressed in a peer review conducted in July 2010 by a team of four highly-qualified members from the Pacific Intermountain Parking and Transportation Association (PIPTA). For reference, the PIPTA report can be reviewed here: [http://manoa.hawaii.edu/commuter/resources/PDFs/ParkingOperationsReviewJuly2010.pdf](http://manoa.hawaii.edu/commuter/resources/PDFs/ParkingOperationsReviewJuly2010.pdf)

The PIPTA report indicated that UHM’s annual parking permit rates appeared to be significantly underpriced compared to the local market and recommended that UHM consider adjusting its rates to support increased expenditures. Another finding noted that parking citation fees have not significantly changed since 1993. The PIPTA report recommended that UHM Commuter Services conduct a market analysis of the Honolulu area to determine if UHM citation fees are consistent with other entities. The evaluation performed by UHM Commuter Services in 2012 determined that UHM citation fees were below market and should be adjusted to be comparable to the local market. The results from the Parking Analysis may be viewed online here: [http://manoa.hawaii.edu/commuter/resources/PDFs/UHMEExistingConditionsReport_November2011.pdf](http://manoa.hawaii.edu/commuter/resources/PDFs/UHMEExistingConditionsReport_November2011.pdf)

In November 2013, Commuter Services began the process of requesting a five-year parking rate increase. After receiving authorization from the Board of Regents to conduct a public hearing, appropriate documentation was forwarded for Governor’s approval. However, the Governor’s approval was not received until October 2014. This lengthy approval process resulted in our proposed rates becoming obsolete and not implementable for the Fall 2014 semester.

The above circumstances led the University to make the decision to start the process over with a revised set of rates and budget projections, presented in Attachments 1 & 3.

Below are some of the major expenses that the proposed rate increase would address:
Inflationary Factors: Operating expenditures have increased each year for contracted shuttle bus and parking personnel services. The total cost of special events traffic control for major events (athletics events, graduation, etc), which require use of Special Duty Honolulu Police Officers, also increases annually.

Ceded Land Payments: Portions of parking areas on campus are located on properties identified as ceded land. The University of Hawai‘i is required by law to make quarterly payments equal to 20% of gross revenues to the Office of Hawaiian Affairs for occupying these portions of ceded lands. UHM Commuter Services has been responsible for making these annual ceded land payments since 2009. In 2009, a retroactive payment was made for 2004-2008.

Transportation Demand Management: A critical component of our Commuter Services Department is focusing and facilitating alternative modes of transportation. A portion of the proposed rate increase is needed to maintain services vital to the smooth operations of the UHM Commuter Services’ TDM (transportation demand management) program, which is dedicated to reducing single-occupancy vehicle traffic to campus. TDM is a term applied to a broad range of strategies that are primarily intended to reduce and reshape demand of the transportation system by creating alternative transportation opportunities for the benefit of commuters. This, in turn, will decrease the demand for on-campus parking. View the final Transportation Demand Management Plan, completed April 2012, here: http://manoa.hawaii.edu/commuter/resources/PDFs/FINALUHMManoaCampusTDM.pdf

One highly-utilized example of the TDM program is the Rainbow Shuttle, a transportation service provided at no cost to faculty, staff, and students who live within a three-mile radius of campus. At this time, UHM Commuter Services provides the Rainbow Shuttle at no cost as an incentive for reducing the number of single-occupancy vehicles on campus.

The Rainbow Shuttle System services eight routes for nearby residents and thereby reduces the demand for on-campus parking. The Rainbow Shuttle averages 40,000 riders a month during the school year (August – May). A recent UHM Commuter Services survey of Rainbow Shuttle riders revealed that the majority are satisfied with the service and suggested expanding routes to Waikiki, Makiki, Ala Moana, and Kapi'olani Community College.

Repair and Maintenance: A Parking Structure Condition Survey conducted on the Phase I and Phase II parking structures in fiscal year 2011 identified repair and maintenance (R&M) projects totaling over $16,000,000. The survey also confirmed that the continual deferment of critical repair and maintenance projects would become health and safety issues if not addressed in the near future. The complete 2011 Parking Structure Condition Survey may be viewed online here: http://manoa.hawaii.edu/commuter/resources/PDFs/ParkingStructureConditionSurvey.pdf

UHM Commuter Services evaluated the Parking Structure Condition Survey to identify priority repair and maintenance projects and advised University administration that the years of deferment of these R&M projects for parking structures and lots had reached the point where they had become health and safety issues. In order make our parking rates as affordable as possible for our employees and address these health & safety issues as soon as possible, we have determined that these R&M costs will be incorporated in our overall CRDM plan rather than incorporating them in our five year plan for parking rate increases.
Impact
If the proposed parking rate increases are not approved, the current level of highly utilized
TDM services such as the Rainbow Shuttle would be reduced or eliminated. With 48% of
University affiliates using alternative modes of transportation, it is important to continue the
TDM program to help reduce single-occupancy vehicle traffic to campus. Personnel services
including enforcement, traffic control, and security for special events would also be reduced,
which would contribute to increased congestion to an on campus, and would create unsafe
conditions for both drivers and pedestrians.

Outreach
In order to obtain feedback from various stakeholders regarding the Commuter Services
programs, services, and fees, an advisory committee was formed in 2010 with representation
from administration, faculty, staff, and students. Upon approval for a public hearing, additional
efforts will be made to solicit feedback from, and promote discussion with, our campus
community regarding the parking rate increase proposal.

Proposed Changes
During discussions at the various advisory committee meetings held, committee members
agreed that rate increases are necessary for UHM Commuter Services to meet its objectives
and remain self-sustaining. In addition, two changes were proposed to the rate structure:

1. Create a third tier of fees for students. Currently, students pay the same annual
parking rate as staff and faculty; however, UHM Commuter Services recognized the
need to assist students with the cost of attendance to the University and also
considered the shorter time span for which students tend to occupy the parking
structures. To accommodate these factors, the proposed percentage parking rate
increases for students are lower than for faculty and staff.

2. Increase the differential between upper and lower campus rates for faculty and staff.
The number of upper campus parking stalls is decreasing each year due to
construction of new buildings, making upper campus parking more prime than ever.
As such, in year three of the proposed parking rate increase proposal, the upper
campus parking rate for faculty and staff parking permits would be subject to a slightly
higher percentage increase for these highly desired stalls.

Another change would increase the additional fee for employees eligible to purchase
reserved stalls; such employees would pay an additional fee of 100% over the established
parking permit rates, as opposed to the current 50%. Finally, the time period allotted to allow
violators to pay or contest citations would increase from seven (7) days to fifteen (15) days.

PROPOSED AMENDMENTS:
The proposed amendments related to parking permits would revise section 20-12-8
Hawai‘i Administrative Rules, Parking and Operation of Motor Vehicles, University of
Hawai‘i at Mānoa, “Parking permits, fees and areas.”
The proposed increases (Attachment 1) would affect annual parking permit rates
over a five-year period as indicated below:
Increases for fiscal year 2017:
  o Employees - Upper Campus:
    ▪ Monthly increment will increase by $7.25, from $48.25 to $55.50
    ▪ Annual increase = 15%
  o Employees - Lower Campus
    ▪ Monthly increment will increase by $5.50, from $35.50 to $41.00
    ▪ Annual increase = 15%
  o Students
    ▪ Monthly increment will increase by $3.75, from $35.50 to $39.25
    ▪ Annual increase = 10%
  o Reserved stalls, additional 100% fee over established parking rates

Increases for fiscal year 2018:
  o Employees - Upper Campus
    ▪ Monthly increment will increase by $8.50, from $55.50 to $64.00
    ▪ Annual increase = 15%
  o Employees - Lower Campus
    ▪ Monthly increment will increase by $11.75, from $41.00 to $47.25
    ▪ Annual increase = 15%
  o Students
    ▪ Monthly increment will increase by $2.00, from $39.25 to $41.25
    ▪ Annual increase = 5%
  o Reserved stalls, additional 100% fee over established parking rates

Increases for each of fiscal years 2019, 2020, and 2021:
  o Employees - Upper Campus, 10%, 5%, 5%
  o Employees - Lower Campus, 5%, 5%, 5%
  o Students, 5%, 5%, 5%
  o Reserved stalls, additional 100% fee over established parking rates

Citation fees would increase for each type of violation (Attachment 2).

The time period for which violators may pay or contest fines without incurring additional penalties would increase from seven (7) to fifteen (15) days.

**ACTION RECOMMENDED:**

It is recommended that in accordance with Section 91-3 of the Hawai‘i Revised Statues, the Board of Regents authorize a public hearing on proposed amendments to Chapter 20-12 Hawai‘i Administrative Rules (HRS), Parking and Operation of Motor Vehicles, University of Hawai‘i at Mānoa (UHM).

§20-12-10 Appeals process.

(a) Each person receiving a citation is entitled to a [formal] hearing on the citation. Requests for [formal] hearings must be submitted in writing or submitted online within [seven] fifteen days after issuance of the citation on a form to be provided by the university. Such forms shall be made available at the [parking] Commuter Services office or at the Commuter Services website.

(b) The following rules of practice on parking and traffic matters including both formal and informal procedures are adopted:
(1) Informal procedures. Persons who believe that they have received a parking or traffic citation or notice of citation in error or whose vehicle was towed away by the university may discuss their complaint or problem in person with the Commuter Services manager or other authorized person designated to manage the university's parking and traffic program within [seven] fifteen days of the issuance of the citation or notice or of the removal of a vehicle. Such managers may waive said period for good cause shown. Such managers may void citations, waive towing and storage charges and reduce the fine imposed upon review of the facts of each case and upon a finding that the parking or traffic citation was improperly issued or that the person did not know of said citations or notice so as to contest them within [seven] fifteen days of issuance.

(2) Formal Procedures. A person requesting a hearing on a parking or traffic citation in accordance with (a) of this section shall be afforded an opportunity for hearing after reasonable notice as provided by chapter 91, HRS. Essentially, that chapter provides as follows: The notice shall include a statement of:

(A) The date, time, place and nature of hearing.

(B) The legal authority under which the hearing is to be held.

(C) The particular sections of the statutes and rules involved.

(D) An explicit statement in plain language of the issues involved and the facts alleged by the officer issuing the citation in support thereof.

Opportunity shall be afforded each party to present evidence and argument on all issues involved. Every party shall have the right to conduct such cross-examination as maybe required for a full and true disclosure of the facts and shall have the right to submit rebuttal evidence.

The hearing shall be conducted either by a hearing officer appointed by the parking board, or by the parking board itself. If it is the hearing office who hears and examines all the evidence, the hearing officer shall submit findings of fact and conclusions of law to the parking board and to the party. The party may file written exceptions and present arguments to the parking board which shall personally consider the whole record or such portions thereof as may be cited by the party. If the party does not file written exceptions within thirty days after receipt of the report, the decision of the hearing officer shall be final.

In the event a party does not appear at the date, time and place appointed for the hearing, either before the parking board or the hearing officer, the party may be denied another hearing on the matter.

Every decision and order adverse to a party to the proceeding shall be in writing or stated in the record and shall be accompanied by separate findings of fact and conclusions of law. Parties to the proceedings shall be notified by delivering or mailing a certified copy of the decision and order and accompanying findings and conclusions within a reasonable time to each party. If the citation is upheld, the parking board or the hearing officer may direct payment of all or a portion of the fine or charge.
(c) The parking board shall be composed of a student, a faculty member and a staff member appointed by the chancellor. The decision of the parking board shall be final within the university.

(d) The public may obtain information or make submittals or requests relative to parking and traffic matters by addressing a letter to the [parking] Commuter Services office.

(e) Petitions for the adoption, amendment, or repeal of rules shall be in the form of a letter to the chancellor of the University of Hawai'i stating with particularity the rule or rules proposed to be adopted, amended or repealed and also stating the reasons for such action.
