<td>input on budget. They want increased incentives built in. Additional work going on with Deans and Directors. CAB formed a subcommittee and wants to create communication strategy for input from faculty and engaging with Deans and Directors.</td>
<td>Goal: Maximize faculty input and obtain objectives. CAB created five objectives that they would like SEC input on. Not yet vetted by CAB but draft objectives are: 1. Determine best overall budget model for UHM; 2. Increase transparency of budget; 3. Develop process for G-Fund allocation; 4. Develop process for allocation from funding pool; 5. Develop process for allocation for RTRF from S/C/O to PI.</td>
<td>2. SEC recommended a process by which any changes in G-funded positions between units or departments should have faculty review and be considered a reorganization plan. SEC recommends incentives to support scholarship for teaching similar to RTRF allocation.</td>
</tr>
<tr>
<td>Also a question regarding where scholarships are applied in the model. What is actual cash flow?</td>

<tr>
<td>CAB will be focusing on defining the funding pool and what goes into the boxes, as well as increasing transparency. Faculty should be making decisions about strategic distribution of funds and make sure the basics are covered. Ask faculty what is needed in each department/ask Council of Chairs. Consider using the position request form (Form A) and asking about last five years and next five years.</td>
<td>3. SEC feels the job of CAB is to design the budget model for UHM. SEC will support CAB as needed. CAB will consider it as a regular topic at MFS meetings. Consider finding out what CCs do to use as a transparent process for dividing budget funds.</td>
