

UNIVERSITY OF HAWAI'I LEGISLATIVE TESTIMONY

UNIVERSITY OF HAWAI'I BUDGET BRIEFING

Testimony Presented Before the
House Committee on Finance

January 13, 2025

Wendy F. Hensel
President

Statement of President Wendy Hensel

Thank you for the opportunity to present the biennium budget request for Fiscal Biennium (FB) 2025-2027 for the University of Hawai'i (UH). It is a pleasure and a privilege to appear before you today for the first time as President of UH. As we begin our work together, I want to say clearly how much I look forward to working with the Legislature, whose support is critical in providing excellent postsecondary education opportunities for the people of Hawai'i. I pledge a tenure of partnership and transparency throughout my administration, and we stand ready to do the hard work necessary to advance the wellbeing of our campuses and the State, which are inextricably intertwined.

Looking ahead, we are excited to continue the implementation of our six-year strategic plan, which will elevate excellence across the university system. With the support of the Legislature and our many partners throughout the community, we can and will continue to improve the quality of life of Hawai'i's people across our islands.

Overview

Provide your agency's mission statement, strategic objectives, goals, and performance metrics. How will the agency measure progress? What milestones will be tracked?

As the sole provider of public education in Hawai'i, UH is committed to improving the social, economic, and environmental well-being of current and future generations.

At its November 17, 2022, meeting, the Board of Regents (BOR) unanimously approved a new six-year strategic plan. Entitled "Hawai'i's University for Today and Tomorrow," the new Strategic Plan includes a BOR-approved update to the UH vision and mission statements as well as a set of foundational principles and imperatives that will guide us forward. For more information, please visit <https://www.hawaii.edu/strategic-plan/>.

UH Vision

UH is the world's premier integrated higher education system, advancing the quality of life for all the people of Hawai'i through robust educational offerings and world-class

discovery while modeling how institutions must embrace responsibilities to indigenous people and place in the 21st century.

UH Mission

With a focus on creating a healthy and thriving future for all, UH provides broad educational opportunity as the higher education destination of choice in the Pacific that nurtures the personal success, leadership capacity and positive engagement of every resident of Hawai'i. It achieves global impact by enriching the fundamental knowledge of humankind through engagement in world-class research, scholarship and service that promotes the welfare and sustainability of Hawai'i's people and environment. Woven through all it does is an appreciation of and commitment to indigenous Hawaiian people, culture, values and wisdom.

Foundational Principles

A set of five foundational principles played an integral role in developing the strategic plan and will guide and inform the actions undertaken:

Hawaiian Place of Learning

UH champions the principles of aloha, caring for people and place, as we integrate Hawaiian language, culture, history, and values across the institution and its work.

Statewide Need

UH's primary responsibility as the only public provider of postsecondary education is to support the needs of the State of Hawai'i.

Diversity and Equity

UH upholds its commitment to provide higher education opportunities for all, especially those historically underrepresented, including Native Hawaiian, Pacific Islander, Filipino, economically disadvantaged, first generation, LGBTQ+, rural students and students with disabilities – as well as continue to diversify its faculty, staff and leadership.

Sustainability

UH recognizes its responsibility to the 'āina, to steward its natural resources, and to develop solutions to the complex challenges of sustainability, resilience, and climate change.

Stewardship of Resources

UH is committed to ensuring the university's economic viability and will responsibly organize, align and allocate institutional resources effectively as a system, including the stewardship of its facilities, processes, and human resources.

UH's goals and objectives are expressed in the new strategic plan through four imperatives. High-level metrics are provided with the initial plan and will be further refined with additional detailed objectives, actions, and metrics.

Imperatives

Fulfill kuleana to Native Hawaiians and Hawai'i

Goal

Model what it means to be an Indigenous-serving and Indigenous-centered institution: Native Hawaiians thrive, traditional Hawaiian values and knowledge are embraced, and UH scholarship and service advance all Native Hawaiians and Hawai'i.

Objectives

- Ensure that UH supports the success of Native Hawaiians in learning, teaching, service, and research across our campuses and nurtures Native Hawaiians as leaders.
- Create opportunities for all UH students, faculty, staff, executives, and regents to inform their work by learning about the Hawaiian language, culture, knowledge, and the past and present impacts of colonization.
- Play an active role in the reconciliation of injustices, advancing language parity, and improving the lives of Native Hawaiians across the islands.

Metric

- Support the Hawai'i Papa o Ke Ao Leadership Council in creating a detailed plan as an update to the *2012 Hawai'i Papa o Ke Ao Report* in consultation and collaboration with the Pūko'a Council and others throughout the UH. The detailed plan to achieve this imperative and these objectives will be presented to the BOR within one year of the adoption of this plan.

Imperative: Promote successful students for a better future

Goal

Educate more students, empowering them to achieve their goals and contribute to society.

Objectives

- Increase participation in postsecondary education statewide.
- Provide necessary support for student success, including addressing barriers to access, basic needs (such as food and housing insecurity), and holistic health and wellness.
- Fully deploy multiple modalities of instruction that recognize changing times and widely differing student preferences, needs, and goals.
- Provide innovative learning experiences that prepare students to achieve their personal and professional goals while fulfilling their kuleana to people and places.

- Improve campus infrastructure to promote a vibrant, inclusive, and safe environment on campuses across the UH System.

Metrics

- Number of degrees and certificates awarded, including industry-recognized credentials, disaggregated for underrepresented groups.
- Increase the number of returning adults and those enrolling in distance/online programs.
- Social/economic mobility index or survey results of alums perception of success after graduation.

Imperative: Meet Hawai'i workforce needs of today and tomorrow

Goal

Eliminate workforce shortages in Hawai'i while preparing students for a future different than the present.

Objectives

- Prepare professionals to fulfill statewide needs in occupations essential to community well-being, including education, health, technology, skilled trades, and sustainability/resilience.
- Enhance non-traditional offerings, including micro-credentials serving the needs of specific groups of students and industry-certified credit and non-credit credentials, for those seeking upskilling or career change opportunities.
- Partner with employers to ensure the necessary preparation and support for students to succeed in their careers.
- Prepare graduates for life-long learning, innovation, and entrepreneurship.

Metrics

- Size of workforce shortages in key sectors/occupations (e.g., teacher shortage).
- Number of students with work-based learning, entrepreneurial and research experiences, and internships with a preference for paid internships.

Imperative: Diversify Hawai'i's economy through UH innovation and research

Goal

Build and sustain a thriving UH research and innovation enterprise that addresses local and global challenges by linking fundamental scientific discovery with applied research necessary for technological innovation to create jobs and advance a knowledge-based economy.

Objectives

- Build out and sustain research and innovation hubs in key areas: climate resilience, energy and sustainable ecosystems; ocean, Earth, and atmospheric sciences; astronomy and space sciences; data sciences and global cybersecurity; health and wellness; food security and agriculture; the Asia-Pacific and Hawai'i.
- Leverage intellectual diversity and Indigenous innovation.
- Generate intellectual property and spin-off startup companies that create high-quality jobs.
- Advance meaningful engagement in the Indo-Pacific region.

Metrics

- Amount of extramural and philanthropic funding, including in identified hubs.
- Number of active licenses and options.
- Number of UH spin-off companies and jobs created.

Discuss how current state-wide conditions have affected agency operations and the ability to meet goals. Identify and discuss notable performance measures, expected outcomes, and recent results.

Following the effects of the COVID-19 pandemic and the August 2023 wildfires, the State appears to have a relatively stable and positive outlook for the foreseeable future. This stability has benefited UH's operations, and I would like to take this opportunity to highlight a few of our recent accomplishments.

Headcount enrollment at the ten UH campuses for the Fall 2024 semester was up 3% compared to the year prior and surpassed 50,000 students for the first time since 2018. Spring 2025 enrollment also appears to be higher than Spring 2024. UH ended Fiscal Year 2024 with \$615 million in extramural funding— its third consecutive record-setting year. This outside investment into research at UH also has significant economic benefits to the State, and we are hopeful that this trend will continue.

Federal Funds

Identify programs that have lost or are at risk of losing federal funds. Identify the source of these federal funds by federal award title and CFDA number. Discuss the impact to the public and your planned response, including efforts to supplant any federal fund reductions for the current year (FY24) and the upcoming fiscal year (FY25) with other funds.

The State does not appropriate the majority of the federal funds expended by UH. These include Pell Grants to support students and competitive federal contracts and grants for research and training. UH faculty and administrators seek to maximize the

use of federal funds to advance UH education and research. While the federal budget outlook is never certain, UH is not seeking to supplant any possible loss of federal funds with other funds.

Federally funded research and extramural activity make up a significant portion of the overall activity of the UH. As previously mentioned, in FY24, UH set another record and secured more than \$615 million in extramural funds. However, these funds do not offset the institution's overall operating expenses as they are awarded for specific projects and purposes.

Non-General Funds

Provide a web link (url) of the reports to the Legislature on non-general funds under your department pursuant to HRS 37-47.

The report to Legislature regarding non-general funds, as required by Chapter 37-47, Hawai'i Revised Statutes (HRS), is available on UH's Government Relations site and can be found here: https://www.hawaii.edu/govrel/docs/reports/2025/hrs37-47_37-48_37-49_2025_non-general-funds_annual-report.pdf

Budget Request

Explain the process used to develop the agency's budget and prioritize requests for budget changes.

Regent Policy 8.204 defines the procedure for Board approval of the biennium and annual budget requests submitted to the Legislature and the Governor.

UH Administration considered the guidelines and economic outlook presented in Finance Memorandum No. 24-10 and outcomes of the most recently approved supplemental budget to identify the areas in most need of additional resources.

The UH Officers gathered input from their units and then collaborated to shape the highest priority requests and themes into a cohesive proposal presented to the BOR. After input on the Administration's proposal from its Committee on Institutional Success, the BOR approved the budget request as presented herein at its November 21, 2024, meeting. This BOR Budget request was subsequently transmitted to the Governor and Legislature, pursuant to statute.

Identify and discuss significant adjustments contained in the budget request submitted to the Legislature. Explain and quantify how significant requests for additional funds are expected to affect outcomes.

The following section provides an overview of UH’s operating and capital budget requests. Additional information can be found in the tables of our budget briefing testimony, and UH staff will answer questions that may assist in understanding the budget request.

SBDC	(1) High quality advising, training and research services to entrepreneurs and small businesses across the state of Hawaii.	The Hawai'i SBDC Network program stimulates the State's economy by providing professional one-on-one consulting and group training services which increase the business knowledge and skills of business owners and pre-venture entrepreneurs. Program objectives are to enhance the economic success of existing businesses and to assist in the successful launch of new businesses. Achievement of desired outcomes – primarily jobs created, capital formation and successful business launches – are the major metrics which guide both strategy and operations.	UOH 220		304A-102, HRS

SBDC	(6) Resource Development	The Hawai'i SBDC Network will continue to promote the development of resources that will leverage its own ability to assist small businesses. Collaboration efforts with other economic development organizations and state agencies that also work with small business. The Hawai'i SBDC Network works actively with the Economic Development departments of all county Mayors' offices; the State's Department of Business, Economic Development and Tourism, the Hawai'i Tourism Authority, the High Tech Development Corporation, Maui Economic Development Board and a variety of private 501 C(3) organizations devoted to local and regional economic development. Representatives of each of the Economic Development Board organizations are members of our Advisory Board.	UOH 220		304A-102, HRS
SBDC	(7) Procurement	The Hawai'i SBDC Network will continue to provide assistance in this area through counseling, training and referral. There is a continuing effort to work with the State Procurement office to develop training for small business to increase awareness and success in securing State and County government contracts. Community Colleges	<p>The function/purpose of the Community Colleges shall be to provide:</p> <p>(1) Two-year college transfer and general education programs and two- and four-year career and technical education programs;</p> <p>(2) Semiprofessional, career and technical, and continuing education programs; and</p> <p>(3) Such other education programs and services as may be appropriate to such institutions.</p>	<p>The University of Hawai'i Community Colleges offer general education courses to prepare students for transfer to baccalaureate institutions, and career and technical education degrees and certificates to prepare students for employment or to upgrade current levels of proficiency. Developmental courses are also offered to strengthen basic skills needed by students to pursue instructional programs. Additionally, the community colleges offer non-credit courses to meet statewide workforce training and other community needs and interests, including short-term, skills upgrading offerings, as well as cultural and performing arts programs to enrich the community.</p> <p>The University Centers on Maui, Kaua'i, and in West Hawai'i on the Island of Hawai'i provide a permanent University of Hawai'i presence in communities that otherwise lack access to programs offered elsewhere in the University of Hawai'i system through an emphasis on distance education.</p> <p>A variety of services support student success in instructional programs and provide access to the colleges. These services include library, media, computer and learning labs, academic assessment and advising, financial aid, admission services and record keeping, and special support services for disabled, minority, and second-language students.</p>	UOH 800		304A-1101, HRS
Aquaria	Establish and maintain the state aquarium for the general public	Act 184 (SLH 1995) designates the Waikiki Aquarium as the State Aquarium, and further provides that the objective of the UOH-881 program is to enrich the lives of people of all ages by providing public programs, education, research, and exhibits of the aquatic life of Hawaii and other regions. The Aquarium is open to the public and hosts over 300,000 individual visitors annually.	UOH 881		304A-1652, HRS
Aquaria	Maintain educational programs for organized school groups	Individuals ranging from school students, teachers, and families with children continue to utilize Waikiki Aquarium marine science education programs. Modest tuition fees are charged for most programs, but Aquarium admission for Hawai'i school students remains free. The primary emphasis of Aquarium education programs is science literacy and conservation education.	UOH 881		304A-1652, HRS

1/ Given the unions' concerns about targeting their members by sharing personally identifiable information, we must respectfully decline to release the position numbers with the following exception of executive / managerial employees. In an effort to be directly responsive to your inquiry, these corresponding Administrators have waived their privacy interests related to their position numbers, included in your requested spreadsheet. We hope that this compilation is responsive to the purposes of your inquiry.

2/ Where salary ranges are provided, that is the annual salary range and is not prorated based on the position's FTE. If a specific salary is provided, that amount has already been prorated based on FTE.

<u>Year of Change</u> <u>FY26/FY27</u>	<u>Description of Change</u>
FY25	The reorganization of West Oahu's Office of the Vice Chancellor for Academic Affairs is to help streamline processes and promote efficiency. The Operations Specialist position is reclassified as a Human Resources Specialist who reports directly to the VCAA and the Office Assistant IV will report to the Secretary III.
FY25	Institute for Sustainability and Resilience (ISR) has been successful in establishing and growing sustainability curriculum. The reorganization is to reflect ISR on the organizational chart as reporting to the Office of the Provost. This will permit allocation of positions and funding to expand IRS's work.
