Purpose and Activities of Each Department and how They Participate in Fundraising Activities

Attachment 4

Development

Development is the unit under which departments build relationships with donors, alumni and community members to fundraise for units within the UH System, and ensures compelling philanthropic opportunities exist.

The departments that directly support fundraising include the following departments: Annual Giving, Estate and Gift Planning, Prospect Research & Relationship Management, Communications and Donor Relations, Corporate and Foundation Relations, and Major Gift Unit Development Officers. Development supports the Foundation's fundraising efforts through the following activities:

- Coordinate with institutional leadership to develop relationships system-wide with alumni, donors, and other constituents to ensure consistent, meaningful, and strategic interactions.
- Establish and implement standards for the development process based on national best practices.
- Coordinate and provide continuous training for development staff and academic leadership on campaign development; identify cultivation and solicitation roles and responsibilities.
- Ensure prospects are appropriately managed, especially those who have interests in multiple departments, schools, or campuses and in instances when there is no unit development staff assigned.
- Facilitate the identification of a lead 'prospect manager,' a solicitation or stewardship strategy, and the steps taken towards a solicitation.
- Work with the UH System President to implement key elements of prioritized university-wide initiatives and update the President's portfolio of prospective donors.
- Hold monthly Advancement Team meetings to discuss new projects, strategies, events, and deadlines; share successes and lessons learned.

- Hold monthly (or as needed) meetings with each Development Officer to review prospect strategies, next steps, resources needed, key relationships, etc.
- Ensure that each Development Officer is working to meet mutually agreed upon performance and fundraising goals.

Major Gifts – Development Officers

The Development Officers are housed at several campuses and in college units across the system. They are responsible for effectively managing relationships with individual donors and prospective donors across the UH system to achieve the philanthropic goals of both UH and the donor.

Unit Development Officers work in close coordination with Chancellors, Deans and Directors to:

- Identify, cultivate and solicit individuals (alumni, friends, parents, community leaders and others) who have the capacity to make gifts of at least \$25,000 annually.
- Engage and provide training to volunteers.
- Steward current donors to ensure that UH remains among their top charities.
- Educate and involve faculty, staff and academic leadership in the fundraising process.
- Coordinate with other colleges, campuses or programs when appropriate.
- Ensure that donors are appropriately recognized.

Annual Giving – Calling Center/Direct Mail

The Annual Giving team works to raise funds in support of the university and its priorities through direct mail, on-line, email and student call center appeals and campaigns.

The department works closely with UH chancellors, deans, directors, and UHF unit development officers to raise funds via the call center, annual fall appeals, ad hoc appeals, and crowdfunding campaigns.

Funds raised through these annual giving appeals and campaigns are the life-blood of the university, providing essential support for research, scholarship, athletics, and educational and entrepreneurial programs.

The important work of the annual giving team goes beyond the current year funds raised from alumni, parents, friends, faculty and staff. Their outreach and engagement efforts create an important pipeline of donors for the university, ensuring long term support and creating consistent giving habits among future major gift donors.

The annual giving department aspires to continuously grow giving and donor participation through innovative engagement of our current and prospective donor community. In order to support the various units and campuses of UH in this effort, the annual giving team provides support through the following solicitation methods.

I. Direct Mail

The annual giving team manages all aspects of direct-mail appeals system-wide.

- Coordinate all logistical aspects of direct-mail solicitations, including:
 - Obtaining and ensuring accuracy of data files for mailing.
 - Printing of letterhead, envelopes and brochures as needed.
 - Coordinating first-class and third-class (bulk) mailings.
 - Tracking and reporting of revenue and expenses from mailings.
- Assist each unit with strategy and message for each direct-mail solicitation tailored for that unit.
- Assist each unit with collateral, assets and or other support materials for direct-mail solicitations.
- Provide strategic support for specialized appeals/mailings (such multi-channel campaigns for a specific project, demographic or fund).

II. Student Call Center

Annual Giving operates a year-round calling center staffed by paid and well-trained UH undergraduate and graduate students.

- The student call center reaches out to alumni, parents and friends of the university to engage with them and ask them to make a gift to an area that is meaningful to them.

Annual Giving works closely with each unit to craft “talking points” to be used in calling scripts. Chancellors, deans and directors are invited to meet with the student fundraisers and speak about their unit in conjunction with a calling campaign for that unit. Student fundraisers often have specific questions for unit representatives that provide callers with additional talking points.

- Student fundraisers record feedback and questions from each unit's alumni and friends – this information is forwarded to the unit for action or information.
- For many alumni, this is the only personal interaction with UH they have so the experience and the interaction with the student fundraisers is invaluable.
- The student call center is one of the university's key ways to engage and connect with "non-donors" (alumni who have not yet made their first gift).
- Texting has been added to the student call center outreach toolkit. This tool is being used to reach out to donors to confirm call center pledges, to solicit gifts for specific campaigns and challenges, and thank donors for their gifts.

III. On-Line Giving

Online giving is growing globally. In order to better take advantage of this method of giving, the annual giving team has taken advantage of some new technologies.

- Each piece of communication or email has a unique code or custom URL in order to make giving online easier and more accurately tracked.
- On-line giving is promoted as a giving option through all channels, including pledge reminders, direct mail, emails, crowdfunding platforms and social media.
- UH units are encouraged to promote giving on their unique websites with a prominent link to the UHF on-line giving form. This helps to make the transaction seamless and simple.

IV. Matching Gifts

Many corporations will match gifts made by their employees to UH. UHF Annual Giving seeks to enhance this source of revenue.

- The student call center fundraisers are trained to ask donors about matching gift opportunities with their employer and assist them with related questions.
- A matching gift reminder will be sent in December to encourage donors who work for a matching gift company, but who have not submitted their employer's matching gift form, to submit their form.

- UHF giving forms include an option to identify if you work for company that makes matching gifts.

V. Crowdfunding

The annual giving team is able to strategically target and engage prospective donors through its crowdfunding work.

- The student call center fundraisers are trained to ask donors about matching gift opportunities with their employer and assist them with related questions.
- A matching gift reminder will be sent in December to encourage donors who work for a matching gift company, but who have not submitted their employer's matching gift form, to submit their form.
- UHF giving forms include an option to identify if you work for company that makes matching gifts.

Scholarship Development

The Scholarship Development department raises funds from individuals, corporations and private foundations to support student aid, which includes scholarships, fellowships, cash awards, and stipends that directly benefit students. We are guided by the student aid priorities identified by UH System leadership, as well as chancellors and deans across the 10 UH campuses. The work of this department is to:

- opportunities and support the proposal development process.
- Assist in identifying potential funders.

The Estate and Gift Planning team assists prospective and current donors in making deferred and outright gifts, and assists development officers with prospects and donors interested in expanding their philanthropy through charitable gift planning. Donor stewardship:

- Meet personally with individuals and professional advisors to explain opportunities in which they have an interest; assisting individuals to assess their giving options, including outright gifts, bequests, charitable gift annuities, charitable remainder trusts, charitable lead trusts, gifts of qualified retirement plan assets or life insurance, and gifts of personal residence or vacation home with retained life estate.
- Provide benefit illustrations of specific gift plans.
- Publish newsletters and providing presentations for donors, prospects, and advisors; assisting development officers with market gift planning opportunities in University of Hawai'i publications and offering unit-based seminars on gift planning.
- Manage the Heritage Society, a donor club that honors and recognizes donors who have informed the Foundation that they have named the University of Hawai'i Foundation in their estate plan.

Prospect Research and Relationship Management

Prospect Research and Relationship Management provides accurate, timely, and relevant information essential to the success of the Foundation's fundraising goals. The services of Prospect Research and Relationship Management are available to UH officials and Foundation staff.

Communications

Communications develops and implements comprehensive communication strategies that highlight the impact private giving has on the University of Hawai'i and its students, build affinity and pride in UH, and inspire philanthropic support.

Donor recognition, strategic institutional and philanthropic messaging, and gift impact stories are delivered via the UHF website, the *UH Magazine* - a UH Alumni and donor magazine (print and electronic), a targeted donor and friends quarterly digital and print newsletter *Kupono*, the UHF Annual Report, annual endowment report, proactive media relations, and social networking.

UH students, research and programs, and the impact of private support are also showcased through video and social media. These videos highlight the critical work UH does in key research areas and the important long-term impact an accessible and affordable higher education makes for our communities.

Strategic marketing initiatives reinforce the importance of private investment in UH for donors, for the university and its students, and for Hawai'i's future. Limited and careful marketing efforts help fundraising numbers by raising community awareness around the importance of UH and the role the Foundation plays in raising and managing funds donated in support of UH.
