

# UNIVERSITY OF HAWAII SYSTEM

## Legislative Testimony

---

Testimony Presented Before the  
Senate Committee on Higher Education  
Thursday, January 30, 2020 at 2:50 p.m.

By

Dr. Nathan Murata

Dean, College of Education

And

Michael Bruno, PhD

Provost

University of Hawai'i at Mānoa

### SB 2691 – RELATING TO TEACHER EDUCATION

Chair Kim, Vice Chair Kidani, and members of the committee:

Thank you for the opportunity to provide testimony on SB 2691 which establishes a network improvement community task force to develop a K-12 science, technology, engineering, and mathematics (STEM) teacher education degree for the University of Hawai'i.

The College of Education supports intent of this bill, provided that its passage does not impact priorities in our BOR Approved Budget, for establishing a K-12 STEM task force. In collaborating with the HIDOE, community colleges, neighbor island HIDOE administrators, teachers, and private entities to examine the feasibility of a K-12 STEM curriculum and program. This statewide effort requires technology support in order to provide quality learning opportunities and access for all interested teacher candidates.

The delivery of high-quality professional opportunities and teacher mentoring is essential to building teacher capacity and confidence in the development of STEM K-12 curriculum and program. In order to arrive at a high quality STEM K-12 program, the college will work closely with all interested parties to ensure academic quality and work force success.

Thank you for this opportunity to testify on SB 2691.
