

# UNIVERSITY OF HAWAII SYSTEM

## Legislative Testimony

---

Testimony Presented to the  
House Committee on Finance  
Monday, April 4, 2022 at 1:30 p.m.

by  
Vassilis L. Syrmos  
Vice President for Research and Innovation  
University of Hawai'i System

### SB 2806 SD1 – RELATING TO THE HAWAII TECHNOLOGY DEVELOPMENT CORPORATION

Chair Luke, Vice Chair Yamashita, and Members of the Committee:

The University of Hawai'i (UH) supports SB 2806 SD1.

In order to build a successful innovation ecosystem in Hawai'i, all parties involved must work and support each other in their endeavors. The University of Hawai'i shares a similar vision with the Hawaii Technology Development Corporation (HTDC) to help establish a thriving innovation-based sector to boost the local economy, create jobs and to develop a highly skilled technical workforce.

One of the key programs available to assist startups from UH and other locally based accelerators is HTDC's Hawai'i Small Business Innovation Research (HSBIR) Phase II program, which provides matching grant funding to support a small startup firm in its early efforts to develop and improve the technology that forms the basis of the business opportunity. These funds are often crucial to assist startups in developing their new technologies to the point that will allow them to tap venture capital firms for the necessary funding to become commercially successful.

With programs such as HSBIR, continued or increased funding for HTDC is crucial to moving innovation and commercialization efforts forward in the state.

Thank you for the opportunity to offer testimony in support of this measure.
