Written Testimony Presented to the  
Senate Committee on Energy, Economic Development, and Tourism  
Friday, January 28, 2022 at 3:00 p.m.

by  
Vassilis L. Syrmos  
Vice President for Research and Innovation  
University of Hawai'i System

### SB 2807 – RELATING TO THE HAWAII TECHNOLOGY DEVELOPMENT CORPORATION

Chair Wakai, Vice Chair Misalucha, and Members of the Committee:

The University of Hawai'i (UH) supports this bill that appropriates funds to support the Manufacturing Assistance Program (MAP) at the Hawai'i Technology Development Corporation (HTDC).

HTDC's MAP offers Hawai'i-based manufacturers up to a 20 percent reimbursement of up to \$100,000 on qualified expenses to help them become globally competitive. These expenses include: equipment purchases, training, energy efficiency projects, and manufacturing feasibility studies.

The University of Hawai'i shares a similar vision with HTDC to help establish a thriving innovation-based sector to boost the local economy, create jobs and to develop a highly skilled technical workforce. Manufacturing is an important component of this process to help keep these businesses in Hawai'i.

With programs such as MAP, continued or increased funding for HTDC is crucial to moving innovation, commercialization and manufacturing efforts forward in the state.

The University of Hawai'i appreciates the opportunity to testify on this measure.
