SB 1488 SD2 HD1 – RELATING TO LIVESTOCK

Chair Perruso, Vice Chair Kapela, and Members of the House Committee on Higher Education and Technology:

Thank you for the opportunity to provide testimony in support of SB 1488 SD2 HD1 relating to livestock. The bill requires the University of Hawai'i College of Tropical Agriculture and Human Resources (UH/CTAHR), to conduct a study to assess the effects of heat stress on beef cattle during interisland ocean transportation.

UH/CTAHR possesses the expertise to conduct the beef cattle interisland ocean transportation study. As appropriate, we will request assistance and feedback from the Hawai'i Department of Agriculture and other relevant departments, and we will consult with livestock industry stakeholders and seek their cooperation in gathering information and data. We are convinced with adequate resources, the findings of this study will help us better understand the impact of interisland ocean transport, as presently practiced, on animal welfare and meat quality.

Thank you for the opportunity to provide testimony in support of the measure.
