#### SB 2286 SD2 HD2 – RELATING TO INTERNSHIPS

Chair Yamashita, Vice Chair Kitagawa, and Members of the Committee:

Thank you for the opportunity to testify on SB 2286 SD2 HD2 relating to internships. The University of Hawai'i (UH) supports and appreciates the desire to expand work-based learning while helping Hawai'i's youth gain practical experience that will help them in their future careers.

It is important to note that internships are one of several nationally recognized "high impact practices" within higher education that tend to correlate with student success beyond graduation. Paid internships are even more important to the future financial success of students. When done well, internships help students build their self-confidence while acclimating to workplace culture and developing essential industry-based skills that will enhance their employability.

The University of Hawai'i's Strategic Plan 2023-2029 features an imperative calling on UH to "Meet Hawai'i's workforce needs of today and tomorrow." One of the stated objectives under this imperative is to partner more effectively with employers to "ensure the necessary preparation and support for students to succeed in their career." UH will track its students' participation in internships as one of the metrics used to measure achievement of this objective. This bill would support the UH's ongoing efforts to expand work-based learning opportunities for its students while allowing them, in many cases, to simultaneously earn college credit.

We defer to the Department of Labor and Industrial Relations regarding any additional language that would be required to describe the operational features of the internship program.

Thank you for the opportunity to provide testimony on this measure.
