Testimony Presented Before the  
Senate on Health and Human Services  
Wednesday, January 31, 2024 at 1:00 p.m.

By

Nathan Murata, Dean  
College of Education

And

Michael Bruno, Provost  
University of Hawai'i at Mānoa

### SB 2603 – RELATING TO EARLY CHILD CARE

Chair San Buenaventura, Vice Chair Aquino, and members of the Committee:

The University of Hawai'i College of Education supports the intent of SB 2603 to improve pay for the professionals who are dedicated to early childhood classrooms. Families must have access to early childhood care and education from birth to kindergarten. This measure is the first step toward ensuring that early childhood care and education professionals earn a livable wage.

The demand for quality child care and early education far exceeds the number of qualified child care and early education professionals currently available in the State. As part of the RAND Corporation in partnership with the College of Education/UH Manoa, child care workers earn between \$13 and \$17 per hour. This pay low consistently is cited as a barrier to becoming a childcare worker. Interestingly, the number of early childhood care and education professionals in Hawai'i has been decreasing significantly over the last 5-years despite the high demand in this sector. Lastly, Child care and preschools are essential infrastructure. Hawai'i's early childhood care and education professionals provide a public good that mandates public investment.

Thank you for opportunity to provide comments on SB 2603.
