‘ŌNAEHANA KULANUI O HAWAII

Legislative Testimony

Hō'ike Mana'o I Mua O Ka 'Aha'ōlelo

Testimony Presented Before the
House Committee on Finance
Wednesday, March 27, 2024 at 2:00 p.m.

by

Vassilis L. Syrmos, Vice President for Research and Innovation
University of Hawai'i System

SB 3191 SD1 HD2 – RELATING TO TECHNOLOGY TRANSFER AT THE UNIVERSITY
OF HAWAII

Chair Yamashita, Vice Chair Kitagawa, and Members of the Committee:

The University of Hawai'i (UH) strongly supports SB 3191 SD1 HD2, which permanently authorizes UH to continue to regulate conflicts of interest and other ethical issues for its sponsored technology transfer activities.

In 2017, the Legislature supported UH's efforts to promote the commercialization of inventions and discoveries generated by its faculty, students and alumni by giving UH the responsibility to ensure that its sponsored technology transfer activities comport with principles embodied in the State Ethics Code via Act 38, Session Laws of Hawai'i 2017. This much-needed authority granted to UH, as amended by Act 8, Special Session Laws of Hawai'i (SSLH) 2021, sunsets on June 30, 2024.

With a regent's policy, an executive policy, and administrative procedures in place to assure compliance, technology transfer activities are progressing. By aggressively encouraging, identifying and transforming the inventions and discoveries generated by its researchers into commercially viable products and businesses, UH is seeking to establish itself as a driver of economic health and workforce diversification in the state.

To continue this positive momentum, UH respectfully requests that the sunset provision of Act 8, SSLH 2021, be repealed through the passage of SB 3191 SD1 HD2.

Thank you for the opportunity to offer testimony in support.
