MEMORANDUM

TO: CCAO, CSSAO, Schedulers, Registrars and Banner Central

FROM: Pearl Iboshi
Director

SUBJECT: Banner Coding Recommendations for Study Abroad/International Classes

As part of the effort to improve existing system-wide internal reports (namely, Faculty Assignment Report and Low Enrollment Class Sections Report), classes that need to be excluded from some or all of these reports have been identified. In particular, classes that are taught abroad or offered internationally are paid for with separate fees and are often taught by faculty in the foreign country. For this reason, guidelines for coding study abroad/ international classes has been developed, which are included in the subsequent sections of this memo.

Course schedulers/builders/registrar on all ten campuses should begin using the attached recommendation when building Study Abroad classes in Banner, starting with the Fall 2022 term.

Please contact my office should you have any questions.
