

Hōkūle‘a Worldwide Voyage: *Island Wisdom and Global Connections in Ethnomathematics*

Hōkūle‘a, our Star of Gladness, began as a vision of reviving the legacy of exploration, courage, reverence, and compassion that brought the first Polynesians to the archipelago of Hawai‘i. The mission of the Worldwide Voyage (2013-2017) is to Mālama Honua, care for Island Earth, by bridging ancient and modern wisdom for a more sustainable world.

Hōkūle‘a is a vehicle to explore research, theory, and praxis, including equitable, high quality mathematics education that serves to re-empower diverse populations through experiential, real-world applications. We steward this gift and kuleana to mālama honua together for future generations.
