

LAHA MAU BOOK TALKS

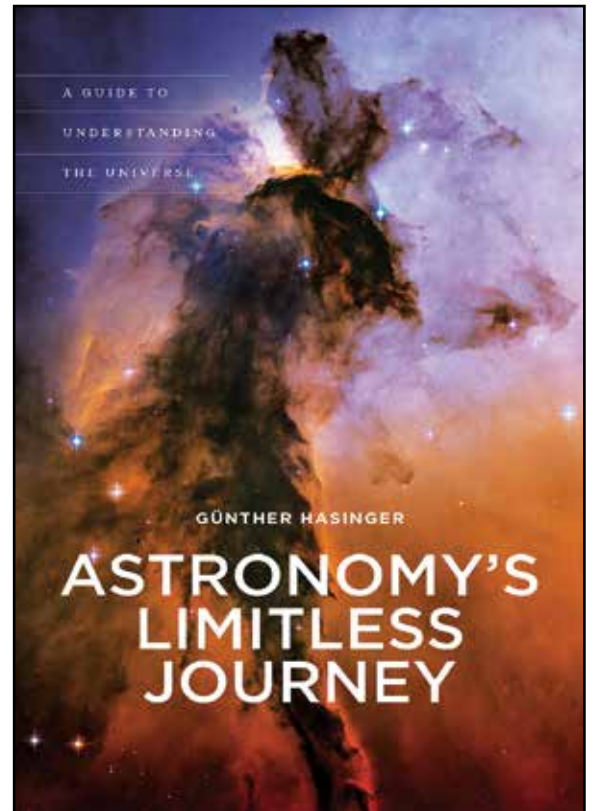

FROM UNIVERSITY OF HAWAI'I PRESS AND UHM LIBRARY

GÜNTHER HASINGER

DIRECTOR OF THE INSTITUTE FOR ASTRONOMY

Dr. Hasinger's new book takes readers on a journey through the universe and reflects on our fascination with it, arguing that every new discovery opens a further door to the unknown. Come hear Dr. Hasinger share highlights from his book, shed light on recent discoveries from the current "golden age" of astrophysics and cosmology, and answer questions about the mysteries of the cosmos.

Following the talk, Dr. Hasinger will sign copies of *Astronomy's Limitless Journey: A Guide to Understanding the Universe*, newly published by UH Press.

Wednesday, November 18, 4:00 pm
Hamilton Library, room 301
