

Third Thursday Virtual Event

The Brief on Marine Debris

Oceans have suffered from pollution, both as a result of natural disasters and due to human activities that have shown a disregard for these crucial ecosystems. In this presentation, we will delve into the measures being implemented to combat marine debris and examine the far-reaching consequences it has on both terrestrial and aquatic life.

THURSDAY
November
16
2023

12:00 p.m. HST
2:00 p.m. PST
5:00 p.m. EST
