

Increase Efficiency & Effectiveness During Writing Sessions

Fall 2024

Thursday, October 24
12:00 pm–1:00 pm
Online Event

Having difficulty focusing during writing sessions? In this workshop, Productivity Coach Dr. Kate Henry will cover common obstacles that derail writing, reading, and research. Attendees will learn productivity tools to help determine appropriate goals, set boundaries around distractions, and make tangible progress in every writing session. We'll end our time with the opportunity to personalize an approach to a future writing session by applying the tools we cover.
