

FAQs: EverFi – Sexual Assault and Prevention Online Student Training Program

Q: Is the EverFi Sexual Assault Prevention Online Student Training different from the Campus Clarity training on sex and gender-based violence?

While the training was rebranded and is hosted on a new vendor's (EverFi) platform, the training is similarly accessible online and the content is substantially the same, covering topics of sex discrimination and gender-based violence, relevant state and federal law (i.e., Title IX and VAWA), and the UH interim policy EP 1.204.

Q: What does the EverFi's Sexual Assault Prevention Online Student Training Program cover?

Sexual Assault Prevention is an educational tool for students to learn about sex-discrimination, gender-based violence, and the rights and resources available to them on campus and in the community. The curriculum covers Title IX, VAWA, and relevant Hawaii State law.

This training establishes standards for what constitutes sexual violence and how to respond to problematic situations. Because these problems occur on both an intimate and institutional level, the training takes a look at these issues from a personal and academic lens.

There are five parts to the training:

- **Part I – Values, Identities, and Relationships:** Promotes reflection on how college life may challenge or reinforce individual values; develops awareness and acceptance of diverse identities; and builds understanding of key characteristics of healthy relationships.
- **Part II – Gender Identities and Stereotypes:** Builds awareness of how an individual's various identities can impact how they think about and experience sexual violence and abuse.
- **Part III – Sexual Harassment and Stalking:** Develops skills to recognize common types of sexual harassment and stalking on campus and understand options for addressing this kind of behavior.
- **Part IV – Consent, Coercion, and Stepping In:** Emphasizes the importance of communication in healthy sexual relationships and understand ways of stepping in to stop a problematic situation from occurring or continuing to escalate.
- **Part V – Reporting and Responding to a Survivor:** Builds understanding of how to show support to a survivor of abuse and/or assault and familiarity with campus-based and local support resources.
